BROMMAX

The Ultimate Potential in Enzyme Potency.

10,000 GDU/g

5,000 GDU/g

Listed Reliability.

Apollo Ingredients is a publicly-traded powerhouse delivering botanical excellence for over 4 decades.

Meet Appy!

Our mascot ensures every gram of BromMax meets our rigorous quality standards.

Maximum Potency Duo.

BromMax 10K

Standardized to provide 10,000 GDU/g for superior protein hydrolysis and functionality.

BromMax 5K

Ensuring consistent performance and reliable enzyme potency at 5,000 GDU/g.

| QC Pillar: Pure Sourcing.

Pineapple Stem (Ananas comosus)

We specifically select the stem for its naturally high concentration of proteolytic enzymes.

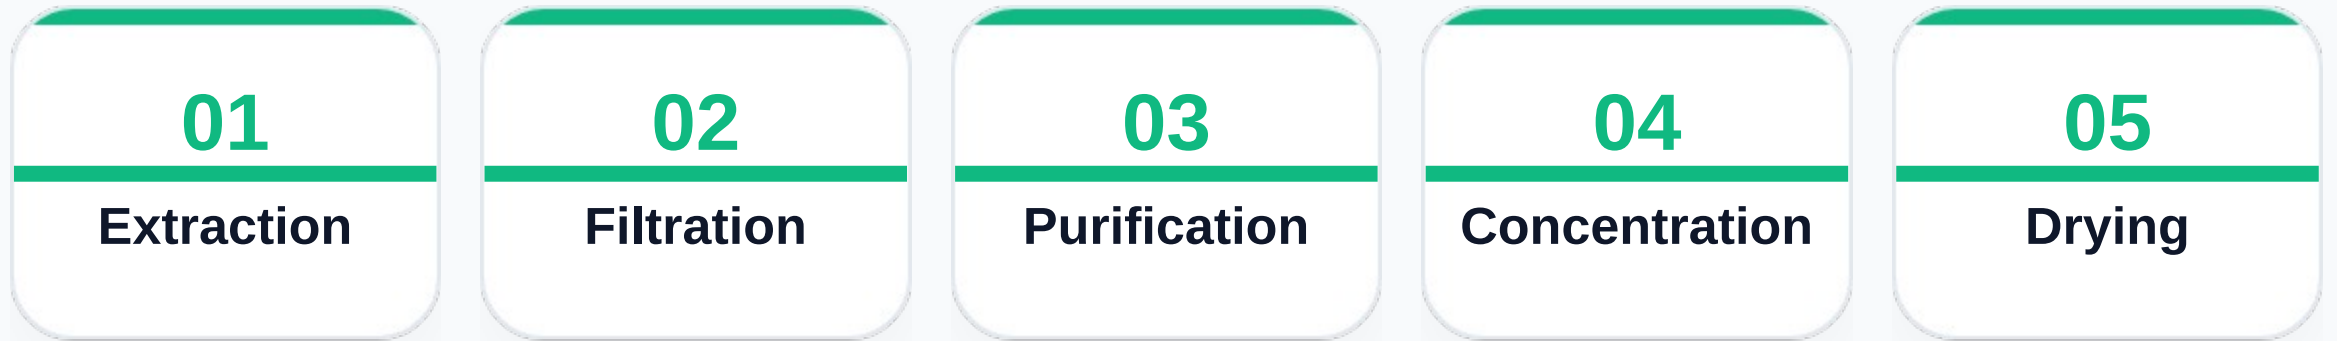

100% Plant-Based

Stem-Derived

Non-GMO

QC Pillar: Precision Processing.

A controlled process to maintain high enzymatic stability and purity.

QC Pillar: Lab Verification.

- ✓ Superior Enzyme Potency
- ✓ Stable Batch-to-Batch Quality
- ✓ Standardized Functionality
- ✓ Zero Impurity Profile

Consistent performance guaranteed.

Nutraceutical Synergy.

Empowering digestive health and functional supplement brands worldwide.

Protein Digestion Support

Functional Health Supplements

Wellness Formulations

Industrial Food Precision.

Application Range:

- ✓ Enzyme-Assisted Processing
- ✓ Protein Hydrolysis Systems
- ✓ Functional Food Ingredients

| **Formulation Friendly.**

Powder Blends

Seamless integration into sachet and beverage formulations.

Solid Dose

Optimized for high-speed tablet and capsule manufacturing.

| **Key Advantages.**

- ✓ Natural & Plant-Based Solution
- ✓ High Enzyme Performance
- ✓ Excellent Dosage Flexibility
- ✓ Reliable Protein Breakdown
- ✓ Batch-to-Batch Quality Stability
- ✓ Easy Application Incorporation

| **Handling & Safety.**

Storage Protocol

Store in a cool and dry place.
Protect from moisture and
excessive heat to maintain
maximum activity.

Handling

Keep containers tightly closed.
Handle under recommended
conditions for stable enzyme
performance.

| Documentation Support.

Trust in Transparency.

Full regulatory support to streamline your R&D and Quality Assurance.
